A Word From The Founder

God has been so faithful. Throughout the covid-19 pandemic, he has kept us. The year has been eventful. We interviewed the applicants for our grants for apprenticeships scheme in April 2022. Congratulations to the 12 successful apprentices that have secured a grant to fund their placements. This month, we are seeing the first batch of our apprentices complete their 12 month placements and the second batch begin!

A big well done to the 2021/22 batch. We will be hosting a passing out ceremony for them in August 2022 where they will showcase what they have done with their newly acquired skills. We are very proud of everyone. God has continued to confirm the vision and make the pathway to achieving it in the lives of our apprentices clearer. Thank you to all our supporters who have given their time, resources and expertise. You will always be part of our story and the prayers of our apprentices will continue to bring favour and blessings into your lives.

A time of fun, fellowship & feedback.

Our founder Dr. Nkiru Asiegbunam met with the apprentices for a time of fun, fellowship and feedback in January 2022. She is very interested in the welfare and progress of each apprentice. We had so much fun! There was food and drinks and we played games too! She wanted to know our experiences, what worked well and what could be improved going forward. Mrs Abigail Okechukwu said a big thank you on behalf of the apprentices for her holistic approach.

Milestones

CONGRATULATIONS

Congratulations to our first qualifying apprentice Nkiruka Nwabuikwu who completed a 6 month apprenticeship in soap making, cleaning reagents, perfumes and disinfectants in 2021! She chose to major in organic soap making. She provided a business plan and we sponsored a small pilot for her to demonstrate both the skill she had acquired and its profitability.

Congratulations to our apprentice Nkiruka Nwabuikwu

We welcomed our first Nwanyichukwu baby earlier this year. Congratulations to Peace, baby Chinazamekpere and the entire family. Our daughter is the first of many to come and a wonderful gift to her generation.

THE EXCURSION EXPERIENCE

One of the highlights of 2022 has been sponsoring a number of our apprentices to go on an excursion. The excursion is designed to inspire and to create opportunity for them to cross fertilize the ideas and skills gained at their placement with what is done in the business world and at a different location from their placement.

The Decoration Lounge!

Ireka Chinecherem in action

"The madam took me to Ajalli where she had work. She gave me the opportunity to join her and corrected me where I made a mistake. I was really happy to try different types of decoration, and I learnt new styles adding to the one I know like printing, using batting on the canopy, jumbo and decoration of bridal canopy and other things."

-Ireka Chinecherem-

Wow! Check out the amazing handiwork by Ireka Chinecherem. Her work is truly transformational.

TAILORING

We are proud of our ladies who went on excursions early this year...

"Madam taught us how to cut different designs of cloth that is far different from what I have already learnt from my oga."

- Ejiribe Jennifer -

HAIRDRESSING

"Mrs Ebere taught us how to make wigs with attachment and weave on different from what we have known. She also gave us the opportunity to do what we learnt and she attended to all our questions."

- Ifeoma Onuzulike -

DRESSMAKING

We are very proud of the handiwork of our apprentice. On the left, Loveth our youngest apprentice strikes a pose in a dress she made for herself.

Joy Cometh

If you are going through a challenging time. Here's a word to encourage you. There's light at the end of the tunnel. It's not time to quit. You are not alone, help is at hand. Remember God's word in Psalm 30:5 which says "...weeping may last for a night BUT joy comes in the morning." The promise of joy in the morning is real. Surely after the night, comes the dawning of a new day. Paul & Silas prayed and sang in prison. Through that dark night, God didn't fail them. He visited them in a remarkable way. He will visit you too.

Nwanyichukwu hopes to help young women who find themselves in a night time to know there is hope for joy in the morning. God has sent us to bring succor. We are standing with you, don't give.

Inside our classroom

The monthly Business Education and Life skills training continues. It is sometimes a challenge for some of our apprentices to juggle the demands of their placements and lectures during the farming season. We continue to encourage them to ensure

they get the maximum benefit from these lectures. The curriculum is bespoke and every session invaluable. Our lecturers were praised by the apprentices. During the feedback session, one of them said, "they bring it down to our level. They explain things well well and in Igbo language as well."

We are really blessed to have such a dedicated team on board.

Thank you to all
our supporters, helpers &
sponsors!
