"training them to fish" instead of "feeding them fish."

TO THE 7TH EDITION OF OUR NEWSLETTER.

A Word From The Founder

I can't believe we are at the end of May 2024! We are extremely grateful to God for all that He continues to do in the outreach.

Last December we graduated our second batch of apprentices.

What great joy it was to see more women empowered with a means of livelihood to be a blessing to their families and to future generations.

In this edition, we share some of the photos and activities so far during this year. We are thankful to all our supporters who have been a blessing through prayer, volunteering, and giving financially. You are all an integral part of our success and we pray that God richly rewards you.

Yours in His Service
Dr. (Mrs) Nkiru Asiegbunam

OUR MISSION

To teach, train and equip young women with the knowledge, practical skills and tools required to fulfil their purpose.

The projects funded by this outreach will empower young women in a sustainable way by "training them to fish" instead of "feeding them fish."

It was a great joy to see the apprentices showcase their skills.

The occasion was graced by Apostle Dr. Vincent Uzodike our special guest of honour who applauded the work of the outreach and encouraged the apprentices to be good ambassadors of the outreach.

On the 29th of December 2023, we graduated our second batch of apprentices in Hairdressing, Fashion designing, Reagent and perfume making, Decorating and cake making.

Members of our board, Mrs Njide Ezeani and Mrs Uzo Uzodike also charged the apprentices to put their new skills to use and to profit with it.

The apprentices had to pass a practical skills test set by their trainers and Mrs Rose Ezeani in order to be presented with their certificates and some tools to help them start their business.

Mrs Ogochukwu Onuora also presented their certificate and the prize to the best graduating student.

Meet Nwosu ifunanya favour

1. What is your name?

My name is Nwosu ifunanya favour

2 What Business Education Lecture have you applied at your placement recently, please give example?

The Business Education Lecture I have applied is Savings. I have started saving by engaging in daily contribution with money I made from selling bitter leaf after work and with this I should be able to save some money to help me buy one or two things for my work.

3. What challenge have you faced in the last year?

What life skill lecture helped you overcome it?

I have communication problem before now, but with the help of life skill lecture on communication I was able to overcome it, Now, I can communicate with customers and other people easily and freely and i'm happy about it.

4. What advice will you give to a new apprentice joining the Nwanyichukwu outreach project?

I will advise them ... take their training serious, especially the Saturday's lectures.

Meet Orji Amarachi
