"training them to fish" instead of "feeding them fish."

## Our Mission

To teach, train and equip young women with the knowledge, practical skills and tools required to fulfil their purpose.

The projects funded by this outreach will empower young women in a sustainable way by "training them to fish" instead of "feeding them fish."

## A Word From The Founder

It is the end of another year, and we cannot but say thank you to our dear Lord for the wonderful things that He has done for us.

In the last newsletter, we had just launched a new workbook for our apprentices to bed learning. We expressed our hopes and aspirations for the rest of the year.

We welcomed on board our 2023/24 batch of apprentices who have since settled in their placements and are making progress.

As we look forward to graduating our second batch of successful apprentices in December 2023, we are very thankful and pray the Lord crowns the year with goodness for all of our supporters, vision helpers and our beneficiaries.

*Yours in His Service*  
Dr. (Mrs) Nkiru Asiegbunam

# Sad News

**Mrs Ebere Eboh with Dr. Nkiru**

With a heavy heart, we announce the transition to glory of our previous project coordinator Mrs Ebere Eboh. She sadly passed away after childbirth on 14th June 2023. She has since been buried. Our prayers and best wishes remain with her family.

## Welcome To Our New Project Coordinator Mrs Nkeiru Nnoli

Following Ebere's demise we have recruited a new project coordinator who started work in October 2023. We welcome Mrs Nkeiru Nnoli and we look forward to her contributions to the Outreach.

She will pick up on the outstanding goal of applying for accreditation for our taught modules in 2024.

## 2022/23 Excursions and 2023/24 Apprentices at their placements

### DECORATING & TAILORS CORNER

The Sewing  
Corner

Our 2023/24 batch of apprentices have been working hard at their placements.  
Some of them have completed the 10 Business Education and Life Skill modules.

We will evaluate the impact that the workbook has had on their ability to implement the classroom learning at their apprenticeship placements in due course.

## Nwanyichukwu Outreach classroom sessions

Our Business Education and Life Skills classroom sessions run on the third Saturday of the month.

These sessions are designed to teach, equip and build capacity and they are open to the wider community,

not just the ladies that successfully secure a sponsored apprenticeship placement with the Outreach. Please spread the news.

Men and Women in the local community are encouraged to enrol for these free modules.

## Meet our UK Patron Mrs Ade Dosunmu

### Why are you passionate about Nwanyichukwu Outreach?

*"Nwanyichukwu Outreach is my passion and I am honoured to be a part of the Nwanyichukwu family. It embodies my commitment to empowering young women and helping them discover their purpose. I wholeheartedly support the vision for Nwanyichukwu Outreach. I contribute my time, creative skills, and ideas in supporting the work.*

*This journey is not just a commitment; it's a dedicated effort to positively shape lives through education and empowerment. In helping Nwanyichukwu Outreach, I have grown immensely and developed new life skills – just like our apprentices."*

### What plans do you have to promote the work of the outreach in the next year?

*"I am genuinely thrilled about the progress of Nwanyichukwu Outreach over the past three years since its launch on December 5th, 2020. Reflecting on our journey so far fills me with immense pride and gratitude. Looking ahead to 2024, I am optimistic and believe great things lie ahead.*

*One particular source of joy and enthusiasm is the enabling power of our workbook to release potential, a great tool designed to equip our apprentices with the essential skills for success.*

*My hope is that this resource becomes not just a guide but an accessible and practical companion for every apprentice on their journey with Nwanyichukwu Outreach. As we plan for the next year, my vision is expansive and rooted in faith. I am trusting God for guidance, wisdom and grace to propel us further.*

*What excites me most is the prospect of increasing our outreach efforts on a different scale. We aim to forge impactful collaborations with businesses, creating a synergy that not only elevates our reach but also ensures its sustainability."*
