"training them to fish" instead of "feeding them fish."

## >Welcome from the Founder

As we approach the end of another year, we are thankful for God's faithfulness.

This year, we moved into our new office and we have a home again.

We enlisted 11 new apprentices who have been engaging with our projects.

Some apprentices just 5 months into the programme have shown us some of their creations.

We are excited to see them develop their skills.

We are especially thankful as the outreach marks 5 years on 7th December 2025.

God has brought us a mighty long way.

We are grateful to our lecturers, volunteers, all those that have supported us with their gifts, talents, financial and other resources.

Together we are training and equipping generations.

God bless you all.

**Yours in His Service**

## **Mrs Nnoli Nkeiruka Nwanyichukwu Outreach project coordinator**

I am so honored to be part of this family. This is not just a commitment but also a dedicated effort to positively teach, train, equip, guide and sharpen the lives of our young women through empowerment and our Business Education and Life Skills classroom sessions run on the 3rd Saturday of every month. Through this program I have grown immensely just like our apprentices.

I am very glad about the program of and I believe great things lie ahead. I am trusting God for divine guidance, wisdom and grace as we plan and prepare for the next graduation and our 5th year anniversary. God has done great things for us.
